Scholarships, Bursaries, Prizes and Financial Aid

The Student Awards Office is responsible for the administration of all forms of financial assistance for undergraduate students. The office administers the University's scholarship and bursary programs under the direction of the Senate Committee on Academic Regulations and Awards, the Ontario Student Assistance Program (OSAP), other federal/provincial student assistance programs, and an emergency loan fund. Payment of awards is subject to the availability of funds. Where possible clients with mobility issues will not be required to line-up and will be dealt with on a priority basis.

Guidelines for Scholarships Administration

Laurentian University undergraduate program recognizes and rewards academic excellence of students who are registered in a full time course load, and who pay tuition fees to Laurentian University. If an applicant fails to renew, he or she remains ineligible for the award for the duration of their studies at Laurentian.

Not all scholarships are necessarily awarded each year. Payment of awards is subject to the availability of funds. To ensure that scholarships are equitably distributed, Laurentian University reserves the right to restrict the value of scholarships that any one student may receive. Awards will be applied directly to students' fee accounts. In the event that the scholarship has a total value exceeding the amount of fees, or that fees have already been paid in full, a refund will issued to the student. Eligibility will be confirmed in October, and awards paid out at the end of October annually.

MAJOR SCHOLARSHIPS

Major scholarships include the Chancellor's Scholarship, President's Scholarship, Dean's National Scholarship.

Students who receive major scholarships are not entitled to receive an Academic Excellence Award, Community Service Bursary, or Leadership Award.

For full details on eligibility or renewal criteria, please refer to Laurentian University website.

ENTRANCE SCHOLARSHIPS

Scholarships, prizes, awards and medals are based primarily on academic performance and are generally given to students in full-time attendance with first-class standing. Canadian citizenship or permanent resident status is a mandatory criterion.

*Unless otherwise specified, applications for entrance scholarships are **not** required since they are awarded on academic merit. Not all awards need to be awarded each year. The University may withdraw any award for which, in any year, no qualified applicant is found. In order that scholarships and bursaries may be equitably distributed, the committee reserves the rights to restrict the value of scholarships that any one student may receive. The committee also avoids the awarding of multiple scholarships wherever possible. Additional information and application forms may be obtained at the Student Awards Office, Laurentian University, Ramsey Lake Rd., Sudbury, Ontario P3E 2C6*

Unless otherwise stated, Entrance Awards are distributed to students entering their 1st year directly from High School and who register full-time (100% course load) in their first degree. Scholarships are awarded up to a maximum of 4 years where applicable.

ENTRANCE SCHOLARSHIPS FOR WHICH AN APPLICATION IS REQUIRED

Jim Fielding Memorial Bursary

Value: $60,000 - maximum of $15,000 per year and renewable for three years (equivalent to the cost of tuition, cost of residence (if applicable), Super Saver Meal Plan and cost of books and equipment). Established by his children, Norinne, Murray and Craig. Mr. Jim Fielding was born, raised and lived his life in the Sudbury area. He was proud to be a member of a large well known area family and he relished every opportunity to be in attendance at numerous family occasions. Jim held the position of Chairman of the Board of Alexander Centre Industries Ltd. (ACIL), Waters and associate companies. Further, he was elected as Director of Canadian Pacific on May 7th, 1986 and continued serving in that capacity through to his successful re-election in April 2000. He also had a passion for learning. He was highly respected in the business community, known as a caring and considerate employer who was always interested in others. This bursary was created to provide students with an opportunity to attend university and realize their fullest potential. It will be awarded to students who may have struggled academically because of financial and personal challenges that have limited their ability to concentrate on their studies. Preference will be given to students pursuing

applied studies. Recipients cannot be eligible to hold any other awards with a value of $1,000 or more. To renew the scholarship, students must satisfy the passing grade requirements of their degree, maintain full-time status, and complete 30 credits (the normal academic workload) in a 12 month period to be eligible to renew the bursary. Application form is required. Please forward a letter of nomination (from a teacher, counselor or professional) speaking of how you have struggled academically because of financial and personal challenges that have limited your potential and background.

National Deans' Entrance Scholarship for Excellence

Value: $20,000/ea ($5,000 renewable for three years). One scholarship will be awarded in each of the Faculties: Arts, Health, Education, Sciences, Engineering and Architecture, and Faculty of Management. To be eligible, students must: present a minimum of 90% on 6 best 4 U/M courses or equivalent, including required courses for his or her program, have made a significant contribution to his or her school and community, and have demonstrated leadership qualities.

The award includes a mentorship with the Dean of the Faculty or a distinguished member selected by the Dean. Recipients will be required to participate in one annual event and two other approved Laurentian University events or activities, e.g. Open House, Donor reception, etc. To renew the scholarship, students must achieve an 80% average is subsequent year.
