I'm late, I'm late ...

 - How do you feel when you're late?
 - What causes you to run behind?
 - Are you always late by the same amount of time or does it vary?
 - How do the other people in the room feel about you always arriving late?
-
- What are you missing from being late?
 - If you don't care, WHY don't you care??
(The people around you care.)
 - What can you do to change this pattern?

So, what happens when you're late?

**Report to the office to pick up a late slip.
We will track the number of lates.**

After your 5th late

VP will be in contact with you.

If you have a phone/earbuds out in class, you will be sent to the office and will be expected to hand in your phone for the day.

Additional infractions will result in your parents/guardians being required to pick up your phone/earbuds directly from your VP.

You will be **ASSIGNED** a locker.

You are expected to use the locker you are assigned.

Your Block A teacher will record your locker combination.

Welcome to HHS

In June 2026, we asked our current HHS students what one piece of advice they would give our incoming grade nines. Here is what they they said...

Don't stress too hard
about tests.

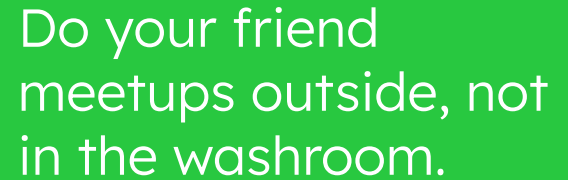

You should pay attention
and take notes for
exams.

Be calm.

Pick your friends
carefully.

Do your friend
meetups outside, not
in the washroom.

DON'T SLEEP TOO
MUCH IN YOUR
CLASSES.

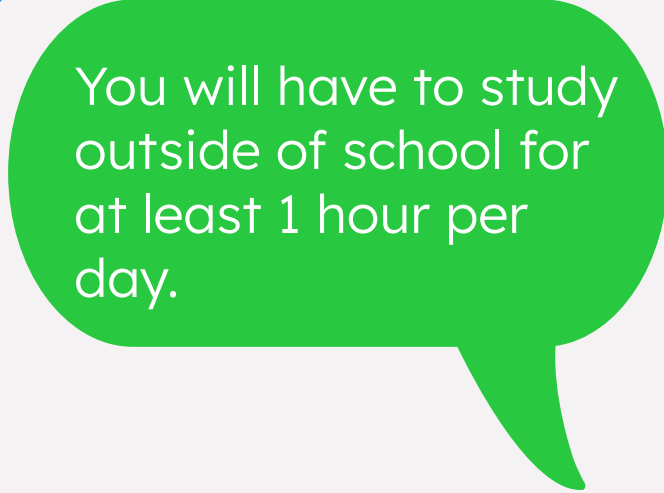

Study for science.

Keep your chromebook
charged and taken care of.

Even though you go from
knowing everyone to not, don't
be afraid to branch out and
meet new people and make
new friends.

You will have to study
outside of school for
at least 1 hour per
day.

DO NOT EVER
PROCRASTINATE, GET IT
DONE AS SOON AS
POSSIBLE.

Get involved, join clubs, do
your best work always, just
because it is only grade 9
it still matters.

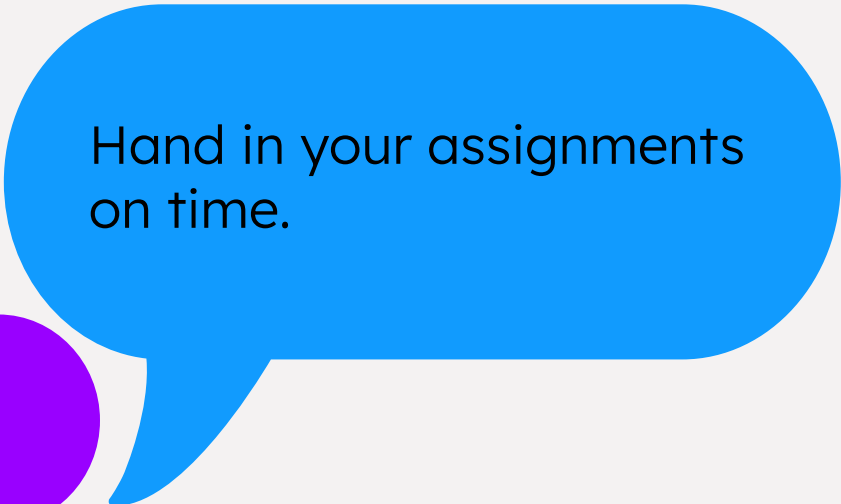

Don't smoke.

Life's gonna get hard, it's
gonna seem scary, you're
about to go through a lot.
But I promise you, it's going
to get better.

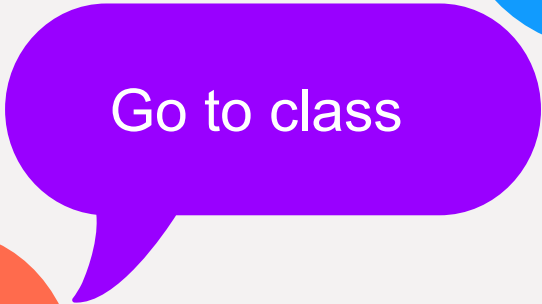

Stay focused on
school and treat it
like a career, take it
seriously.

You should join the robotics team.

Hand in your assignments on time.

Go to class

Just believe you can do it.

Don't stress.

Don't miss days of classes, you will fall behind and fail.

Follow all the rules.

Don't get in the habit of skipping classes, it will catch up to you at the end of high school.

Don't let high school be a stress. Manage your work but enjoy the 4 years of high school... Have fun with friends, join sports and don't finish high school and be able to say "I wish I did..."

Join the classes YOU like, not the ones your friends are in.

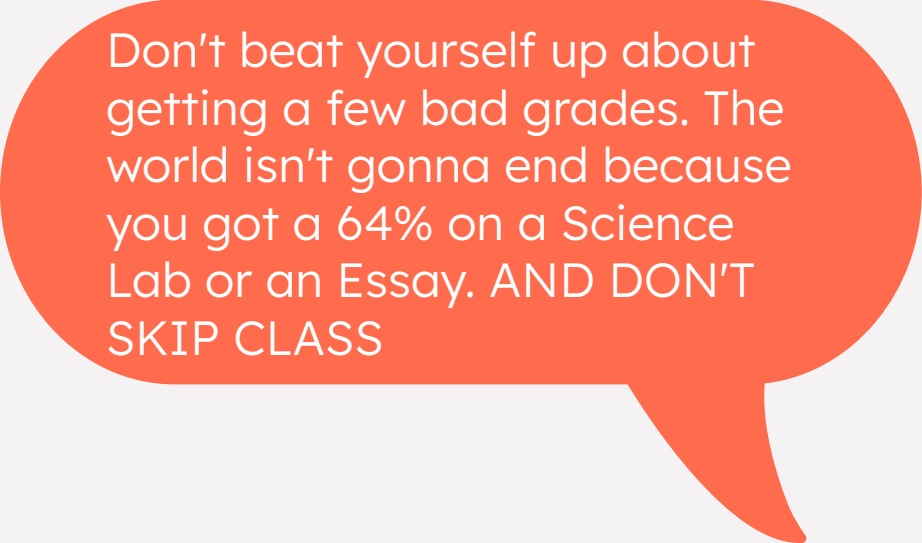

Do your work. It's very easy to fall behind and fail.

Don't do drugs.

The best drink in the vending machine is apple juice.

Don't beat yourself up about getting a few bad grades. The world isn't gonna end because you got a 64% on a Science Lab or an Essay. AND DON'T SKIP CLASS

If you start good study habits in grade 9, it will help as you get into older grades because you won't have to learn how to study while studying for a big test.

Join the robotics team

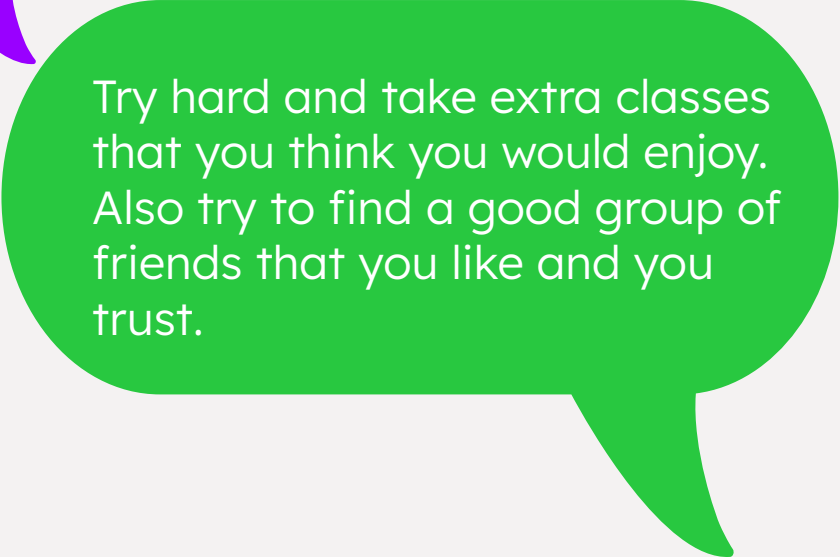

Learn to be quiet.

Study hard and ask a lot of questions.

Try your hardest on every piece of work that is assigned to you, even if it's not getting marked, because you might need it down the road for another assignment.

Try hard and take extra classes that you think you would enjoy. Also try to find a good group of friends that you like and you trust.

Be careful who you
choose as your friends.

Don't throw stuff at
people.

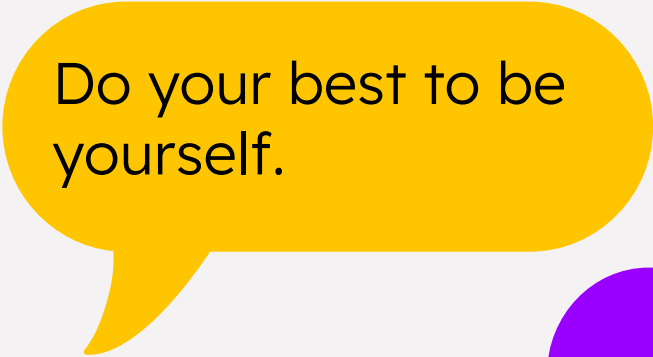

Join a club.

Study when you
need to.

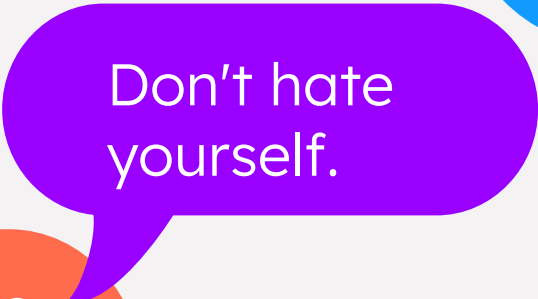

Be prepared for having
lots of homework.

Do your best to be yourself.

Everyone is here to help.

Don't hate yourself.

Don't be scared to reach out to Guidance.

Walk quickly in the halls and stay to the right.

Ask about ALL of your options early.

Don't hang out in the washrooms.

Be chill.

Be prepared - don't forget where your classes are.

Follow the time schedule.

Be kind and stay young.

Enjoy high school while it lasts.

Have Fun!

Do not be late.

Wear what you want.
