

LEAD18 ENG4U

LEARN, EXPERIENCE, ACHIEVE, DISCOVER... LEAD!

Since 2012, TLDSB’s LEAD program has offered Ontario students over the age of 16 the opportunity to combine online learning with on-site experience!

Students participating in LEAD18 will earn an ENG4U credit online through the Virtual Learning Centre and participate in a course-integrated trip to London, England & the English Countryside.

Itinerary highlights will include visits to the National Gallery, the Tower of London, Oxford University, Shakespeare’s Birthplace, Warwick Castle, Bath, Stonehenge, and Salisbury Cathedral.

A pre-reading list of course material will be provided to participants before the course begins. Course work will begin before departure including live meetings online.

LEAD participants require the use of a computer with a high-speed internet connection for course work. While traveling, a laptop is recommended. Cameras or tablets may also be useful in recording elements of the trip.
