

Andrew Daniels Annual Bursary Award 2023

The Andrew Daniels Fish Stewardship Foundation's mission and purpose is to help protect fish habitats, fish regeneration, water quality and shoreline stabilization. The Foundation offers this bursary in hopes of perpetuating our vision and to inspire young people to protect and promote environmental sustainability.

The purpose of the award is to assist a student in financial need to take a postsecondary program in disciplines and/or areas that will advance the understanding of the knowledge of our natural environment with emphasis on water, fish and natural shoreline.
